

Leon Larson is a long-standing member of USA Water Ski, a Senior and Pan Am rated official and National competitor. He has been actively involved in the Florida Water Ski Federation since its foundation in 1976 and has served the Southern Region for many years on the Council, as an state and regional officer and as a AWSA committee member for many years. He currently serves on the USA-WS Risk Management/Safety committee and is chairman of the USA-WS Waterways committee. He is the chairman of the IWWF Environmental committee. Leon works worldwide on environmental issues that directly affect our sport in water ski venues, towboat emissions and improving the carbon footprint involved in our sport.
